The parade preceding the big patriotic meeting at the coliseum tonight will move promptly at seven-thirty o'clock and every person in the city and county who can is urged to get in line with the organization with which they are identified. If they do not happen to be members of any of the fraternal bodies or other societies represented, they are requested to fall in line with the citizens division.

The big patriotic demonstration was arranged with a view of encouraging the young men who will register tomorrow for possible conscription in their country's army for service in the war. It is the desire of the community to make the young men of conscription age understand that the people here are behind them and appreciate the sacrifices they will make. It is intended that the people of Rush county shall show that they are willing to make as great sacrifices as possible, but that none can be equal to offering their lives in their country's service.

The same thing applies to the boys of Company B. The demonstration will be an encouragement to them even more so than to the young men who tomorrow will register, because they have volunteered to go and they will likely see service at the front before any of the conscript divisions will.

The idea in view when the meeting was arranged was also to boost the organization of the Red Cross and the sale of the Liberty Loan bonds. These campaigns will be alluded to in the addresses to be delivered at the meeting.

The main address will be made by Fred VanNuy of Indianapolis, who was born and reared near Falmouth and is known to many people in Rush county. E. B. Thomas will preside and speak of the Red Cross work. An army man has been prom-

DELEGATES TO BE
PICKED TONIGHTRepublicans to Meet by Townships
to Select Delegation for Con-
vention Friday

DISTRICT SITUATION SAME

Charles O. Williams, Third Wayne
County Candidate, Offers So-
lution of the Muddle

The republicans of Rush county will meet in mass convention tonight in the various townships to select delegates and alternate delegates to the district convention to be held here Friday. Each township will be entitled to one delegate except Rushville township which will have four delegates.

The Rushville township meeting will be held in the assembly room of the court house. It will be decided at the meeting tonight just how the delegates in this township will be apportioned. The delegates may be divided equally between the city and the township outside or the city given three and the out-township one.

The republican situation in the district is unchanged and from all indications the convention here Friday will be the most sensational held in the district in many years. Party leaders are prepared for almost anything to happen and at this time it would not be surprising to see a man nominated who has not yet been mentioned in the list of candidates. With Wayne county apparently split on the three candidates there a "dark horse" candidate is believed to stand just as good show at this time as any of the avowed candidates.

C. O. Williams, county superintendent of school in Wayne county, made a definite announcement of his candidacy Saturday. Williams offered a solution of the Wayne county muddle, but it is not likely to be followed. Williams is in favor of the delegates selected by Wayne county giving the solid support to the man securing the majority of the delegates. This would eliminate two of the Wayne county candidates and would center their support upon one man and with Wayne county controlling the convention this man would likely be nominated.

The position of Rush county republicans is unchanged. If the Wayne county candidate is to receive the nomination he must be a man who can and will have the support of Wayne county.

With Richard Elliott of Connersville a candidate Fayette county may present a second candidate. James K. Mason is a candidate from all indications. In a statement Mason said he would be a candidate if someone would place his name in nomination and it received a second. Mason is not working for the nomination but can be counted a candidate. He served as representative in the last legislature and would probably receive some support from the farmers of Fayette county, as he is himself a farmer.

Unless Wayne county republicans get together there is now a possibility that some of the delegates there will face contests in getting their seats in the convention. Whether the contest will go this far remains to be seen.

CHESTER M. GEORGE
RE-ELECTED TODAYCounty Superintendent is Chosen to
Remain in Office by Deciding
Vote of Auditor.

DEMOCRATS, DIVIDE VOTES

Casting his vote with six republican trustees, County Auditor McMillin this afternoon declared Chester M. George elected county superintendent of schools for another period of four years dating from August 16. The six democrats were divided in their support, bringing out three candidates and each of the three received two votes. The democrats evidently believed that the vote of the auditor could be cast only when two candidates were tied, and for this reason split their vote between three, but as the law provides that a candidate must get a majority, the republicans were agreed there was nothing to do but cast the deciding vote. Arie M. Taylor received two votes, Mrs. Margaret Morton, two votes, and Alfred Hall, two votes.

The meeting was scheduled for ten o'clock this morning, but was postponed on account of Donald Mull, trustee of Walker township, being unable to attend.

DELEGATES ABOUT
EQUALLY DIVIDEDDemocratic Delegation to District
Convention Likely to Divide
Its Support

THIRTEEN ARE SELECTED

Center Township Delegate Only One
Instructed—Rushville Town-
ship For Federmann

From all indications the Rush county delegation to the congressional convention to be held in Cambridge City Thursday will be about equally divided between Finly Gray and Louis Federmann the two candidates. And this happens in the face of efforts to line up the delegation against Gray. While the delegation appears to be about equally divided between the two candidates, it is believed Federmann will have slightly the best of the argument.

In one township the democrats did not know Gray had an opponent and instructed the delegate to vote for the former congressman. This was in Center township.

In Rushville township Finly Gray lost out. From all reports the mass convention selected the two delegates before the arrival of Gray's chief supporter, and as a result the two delegates favor Federmann or anyone except Gray. The two delegates are Donald L. Smith and Samuel L. Trabue. The convention here was called for seven o'clock and after waiting until seven-thirty o'clock "to give all a fair show," as one man put it today, they proceeded with the selection of the two delegates and after it was all over the Gray man appeared. He lost out because both Trabue and Smith are opposed to Gray.

The delegates from Rushville township, Noble, Walker, Posey, Washington and possibly Ripley are taken to be against Gray. This would give Federmann seven delegates or more than half of those selected. This does not look very good for Gray and if other counties split up their delegations as Rush has done the convention will turn out to be a real fight.

The delegates selected are as follows:

Rushville—Donald L. Smith and Samuel L. Trabue, delegates; Frank McGee and John Morris, alternates.

Washington—T. J. Martin, delegate; Oliver Carson, alternate.

FUND FOR COMPANY
B FLAG IS INCREASEDR. E. Mansfield's Allusion to Citi-
zens Failure to Respond Brings
Donations of \$13

IT IS NOT HALF RAISED YET

Robert E. Mansfield's allusion, in Red Cross addresses Sunday at the United Presbyterian church and the St. Paul's M. E. church, to the fact that no response had been forthcoming to the appeal for funds to buy a flag for Company B, was productive of results today.

A. B. Irvin announced some time ago that he would start a fund with a contribution of \$5 to purchase a company flag to cost \$50 and since that time only \$3 had been contributed, raising the fund to \$8. Today \$13 more was donated, bringing the fund up to \$21, less than half of what it will have to be to buy the kind of a flag wanted.

Mr. Mansfield said that a flag presented by the community to the company which is going from here to fight, would be a golden cord that would connect the Rushville boys with home and the sight of it would always arouse pleasant thoughts of those left behind.

NEW INSTRUCTION
ON REGISTRATIONCounty Board to Strike Out Column
For "Occupational Exemption"
in Summary

JUST WHAT IT INDICATES

Farmers of Conscription Age Ex-
pecting Exemption—Board Has
Disagreeable Task

Clerk George Moore today received instructions from the United States, provost marshal, General Crowder, sent through Jesse Eschbaugh, state conscription agent, which indicate that there will be no exemptions from conscription on account of occupation.

This will be a big disappointment to many persons because the feeling has prevailed that farmers' sons of military age could claim and would receive exemption from military service because of their occupation and the part they played in the greater crops production movement. The instructions make it manifest that exemption may be claimed for physical disability. The instructions read in part as follows:

"Strike out the second sentence of the paragraph at the top of page 22. Substitute therefor the following: 'Deal out all cards in which the answer to Question 12 indicates a claim of exemption on any ground.' Strike out the words 'Occupational Exemption' in the fourth line of that paragraph.

"Substitute for the words 'Occupational Exemption' in the last two lines of page 21 the words 'Physical Disability.'

"Change the heading of Column 4 and 11 on form 2, 'Summary blank' to read 'Probable Exemptions not indicated in Columns 1, 2 and 3.'"

Question No. 12 on the registration card is: "Do you claim exemption from draft (Specify grounds)?"

As a result of this order, Clerk Moore instructed all precinct registrars today not to summarize their registration cards, but to wait until for the meeting to make a few remarks, but it is not yet known who this will be. Lieut. Col. Hawkins of Connersville, a member of Governor Goodrich's staff, has sent word that he will be present.

TO ENFORCE REGISTRATION

Department of Justice Drops All
Other Matters to See That the
Law is Upheld Tuesday

(By United Press.)

Washington, June 4.—The government intends to draft 625,000 on the first call following registration. This information was given the senate military committee today by Provost Marshall General Crowder.

The 125,000 men above the first 500,000 increment will be placed in training camps to fill vacancies of the men who have gone through sickness or death.

Crowder emphasized the fact that no class of men will be exempted as a whole from service in America's army as such a system would endanger the government's plan to get 1,500,000 men from the 10,000,000 expected to register.

Meanwhile the department of justice has sidetracked all other business for the enforcement of the registration law. The department issued this warning: "All matters of the department of justice for the time being will be left to enforce the conscription act. When ever the assistance of the department is needed, state and local officers will be sought. The officials and agents of the department throughout the country have been instructed accordingly."

Federal agents today made an eleventh hour round up of anti-conscriptionists, in final preparation of the registration for selective service tomorrow. Reports to the department of justice indicated, that activity of anti-conscriptionists tomorrow will be limited and that demonstrations will probably be few.

Immediately after registration, the question of exemptions will be taken under consideration by the president and his advisors.

TREASON CHARGED

Pittsburg, Pa., June 4.—Charges of treason were made today against four men arrested for circulation of anti-conscription literature and delivering speeches against the draft.

FOUR ARRESTED

St. Paul, Minn., June 4.—Four persons were arrested here today for distributing anti-draft circulars. Federal agents estimated that one hundred eluded their vigilance last night and early today and distributed 35,000 circulars. Other arrests are expected.

Wire Brevities

Washington, June 4.—The senate finance committee today tentatively agreed to place a two per cent advertising tax on all newspapers and periodicals.

Springfield, Mo., June 4.—Kidnappers of Lloyd Keet, 14-months-old son of J. H. Keet, millionaire banker, have been located about thirty miles from Springfield in the Ozark foothills and are being watched closely, it was learned today. They may be arrested before night. Judge Johnson of criminal court announced today that Keet voluntarily gave the authorities all information in his possession regarding the case which he has heretofore kept secret.

Carthage Leads All Auxiliaries in
Point of Membership With 219
on The Roll

The Rush county chapter of the Red Cross society today sent a report to headquarters of the American Red Cross Society at Washington showing that there are 1150 members of the society in this county.

This report does not disclose the real membership because they are many more members known to the officials who have not been reported. Many members recruited in the special campaign in Rushville last week have not been reported and there are reports to be received from several auxiliaries which were lately organized.

Officers of the Red Cross estimated that there are easily between twelve and fourteen hundred members in the county. Rushville city has 595 and auxiliaries having already reported show the following membership:

Milroy 71, Center township 134, Raleigh and vicinity 35, Carthage 219, Orange 26, Richland 70.

The final appeal of the week's campaign for members in Rushville was made in all of the churches yesterday. This does not mean that the campaign for members is ended by any means. The work for new members will be continued by the membership committee just as long as there remains a man, woman or child in the county who has not enrolled his or her name. A special effort was made in the city last week to make a personal appeal to join. The city was divided into districts and a member of the Red Cross canvassed each district. The new members reported today do not represent the entire results of the week's campaign. Many persons promised the canvassers they would join, but were not prepared to enroll their names at the time they were seen.

What will probably be the last of the meetings out in the county to organize auxiliaries will be held at Homer Wednesday night. The Red Cross has met with excellent success outside of the city and has found a ready response among the people of the small towns. There are Red Cross auxiliaries at Carthage, Mays, Arlington, Glenwood, Manilla, Milroy, Moscow, Raleigh and New Salem. All these auxiliaries are expected to recruit members in their respective communities. Milroy and Arlington were just organized Friday night. In the story of the Milroy meeting Saturday, the Republican neglected to mention that the Rev. C. M. Yocum spoke, in addition to the speech of E. B. Thomas, the Rush county chairman.

The Red Cross appeal was made at the First Presbyterian church last night by E. B. Thomas, Robert E. Mansfield and Earl B. Marlatt spoke last night at St. Paul's M. E. church and Mr. Mansfield spoke at the Red Cross service at the United Presbyterian church in the morning. The Rev. C. M. Yocum spoke at the special Red Cross service at the Main Street Christian church last night. There were Red Cross representatives at each of the churches and many new members were obtained.

GUNN HAYDON

GAINED TWENTY-FIVE POUNDS IN TWO MONTHS

KNOWING THAT SHE WAS GOING DOWN IN WEIGHT, HEALTH AND ENERGY, THIS LADY FINALLY FOLLOWED THE ADVICE OF FRIENDS AND TOOK PEP-SINCO.

For many years Mrs. G. suffered with indigestion. She could get no help. She doctored and took most every stomach remedy her friends recommended, but got little relief. She lost in weight till she was apparently nothing but skin and bone. What she ate as a rule caused misery and pain. She would bloat and was seldom without headache. Nothing agreed with her. She would get up in the morning with a bad taste-coated tongue and feeling of dizziness. The sight—the odor of savory foods nauseated her. She passed the day in misery and went to bed tired, worn-out and hungry.

This lady read, as you are doing, of Pepsinco. She heard of Pepsinco. Her friends used Pepsinco and were helped, but she thought Pepsinco was like other stomach remedies, helpful in minor cases only.

She was finally prevailed on to get a small package of Pepsinco. The first package did her so much good that she continued their use until, after a few weeks, she could eat with a relish ordinary foods.

In exactly two months she came up to her normal weight. Today she is happy and has every reason to be so. Her main trouble was indigestion, and Pepsinco is the best preparation to be had for indigestion and kindred ailments.

Pepsinco will help you, if you have the least trouble with your food. Sour stomach, sick headache, bloating, nausea, biliousness and heartburn are symptoms that Pepsinco will remedy. Don't doubt another minute, do as this lady did—get a small package and try it today. All druggists have it, or we will send a trial package free of charge if you will send your name to The Neuro Pharmaceutical Company, Wapakoneta, Ohio.

How Much is a Billion Dollars?

The large sum of money represented by the term "a billion dollars," now being so frequently used in the war financing of this and other countries, is illustrated by a statement recently made before the class in International Trade and Commercial Geography in the Educational Department of The National City Bank of New York.

In these discussions of international trade, said the lecturer, in which we must talk in terms of millions and billions, it will be important that we get clearly in mind the relative value of these two great measures of quantity. Let us take a simple and familiar subject as a method of determining the comparative greatness of the two terms—"millions" and "billions." We all know how rapidly an expert counter of coin will manipulate them. The Treasury experts will count 4,000 silver dollars in an hour and keep it up all day long; but that is their limit. Working eight hours a day then, an expert counter of coin will count 32,000 silver dollars in a day, but how long will it take him, at that rate, to count a million dollars? Thirty-one days. But that is only

What Is Anuric?

The New Discovery for Kidneys, Rheumatism and Backache.

Send 10 cents with name of this paper to Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a large sample package of Anuric. It will convince anyone suffering from kidneys, bladder, backache, that it is many times more active than lithia, and dissolves uric acid in the system as hot water melts sugar; besides being absolutely harmless, it preserves the kidneys in a healthy state by thoroughly cleansing them. Anuric sweeps from the blood the uric acid which causes rheumatism, gout, sciatica. Anuric is an insurance agent against sudden death. Send to Dr. Pierce, Buffalo, N. Y., for free book on Diseases of Kidneys.

WELL-KNOWN INHABITANTS INDORSE NEW DISCOVERY.

Butler, Ind.—"I was troubled with weak kidneys. I bought one box of Dr. Pierce's Anuric Tablets and gladly recommend them, as they have completely cured me."
—MRS. MARY L. ELLIS, Ash St., Butler, Ind.

Elkhart, Ind.—"As a kidney medicine I find Anuric to be the finest I have ever known. I am 84 years old and for years have suffered with backache, and my bladder caused me to have many a restless night. I have also suffered with rheumatism in my limbs. I have taken other kidney remedies but must say that Anuric is the best one of them all. My back has ceased to ache, the rheumatism has disappeared and I am able to rest beautifully at night. My general health is improved and I feel most grateful for the relief I have obtained through Anuric."

the beginning of the measurement of great figures, for if this same man were to go on counting silver dollars at the same rate of speed for 10 years he would find that he had only counted one hundred million of them and that to count a billion dollars would require 102 years of steady work at the rate of eight hours per day during every working day of the 102 years. So when you begin to talk of billions of dollars, in the measurement of our commerce or that of the world, please remember that a billion is a thousand times as much as a million.

Another illustration of the large number represented by the term "billion" is found in the fact that one billion silver dollars laid down in a line, each touching its neighbors preceding and following it, would form a line sufficient to stretch practically around the world, the exact number of silver dollars required to form a continuous line equal to the earth's circumference at the equator being 1,052,000,000.

It is only within a comparatively recent date that the United States became a billion dollar country. Speaker Reed coined this phrase "the United States has become a billion dollar country" when somebody complained of the fact that a certain Congress, of which he was then Speaker, had appropriated over a billion dollars for Government expenses during its two years of existence, but no single year now passes in which appropriations do not exceed a billion dollars. It was only in the year 1892 that exports of domestic merchandise from the United States first crossed the billion dollar line, by 1911 they exceeded two billions, in the calendar year 1914 were three billions, in 1915 three and one-half billions, and in 1916 nearly five and one-half billions. The money in circulation in the United States first crossed the billion dollar line in 1881, but was two billions in 1900, three billions in 1908, four billions in 1915, and \$5,415,000,00 on May 1, 1917.

Conscript Incomes

Is our congress going to say that it is only the lives of our boys that are owing to their country in this crisis? Is there something yet more precious than must not be laid on the altar? Is the wealth of our money lords too sacred to be touched without gilt-edged notes, bonds and usury?

Perish the thought! Will red blooded Americans who are ready to give their lives for their country consent to give those lives in defense of the money bags of the Shylocks? Not unless those bags are opened wide to the country's needs.

Two thousand years ago a poor woman dropped into the contribution chest her "mite"—but it was her all. At the same time the rich and powerful gave princely sums, yet the Master Teacher declared her gift to be greater than theirs.

Many a sorrowing mother will be called upon in the days to come for her "mite"—her brave young son. Fathers are asked to surrender the sons upon whom they hoped to lean in the helplessness of age. Are these sacrifices to be made that the miser's hoard may be safe?

Conscript incomes! Conscript wealth wherever found, if necessary, to the prosecution of the war.

Are the plutocrats who have fattened on the public for generations still to be regarded as a "privileged class" when the life of our nation and its people are at stake?

Conscript the incomes! Let the Shylocks lay their wealth where the poor man lays his life.

Up to the present time the country as a whole has been practically sleeping with regard to the war. But we will awake with a sudden start when the selective draft begins to draw our own sons and brothers to the trenches. There will be no lack of interest from then on. Once thoroughly aroused to the seriousness of the situation, the American people will wade in with sleeves up and stick until the last dog is hung.

In an eastern city recently a number of short men held a meeting to protest against the high position of straps in public conveyances. At the same time, we opine, their sons were protesting against the low position of the strap in the parental hand. No, you can't please all of the people at once.

Patriotism That Pays

By Luke McLuke

You are trying to show your Patriotism by wearing an American Flag on your coat lapel. But the real way to show your Patriotism is to wear a Liberty Bond in your coat pocket.

The possession of even a \$50 Liberty Bond is your certificate of Patriotism. It shows that you have done your share to help your country at this time when your help is needed.

Do you know that the sacrifice of a few cigars and drinks a day will make you the owner of a Liberty bond? Would you be willing to put even a dollar a week into helping your Country win this war? Any bank will arrange this for you.

Remember that you are not giving your country anything. You are lending Uncle Sam your spare change, and he will repay you with interest. Why let your savings account slumber in a bank because you get 3 per cent interest? Invest it in Liberty Bonds and get 3 1/2 per cent interest

It is all very well to cheer and wave Old Glory, but your cheering and waving doesn't buy ammunition for Uncle Sam and doesn't arm and clothe our recruits. Every dollar that you put into Liberty Bonds goes to help win this war. If you can't carry a gun, you can carry a bond.

Every home that displays an American Flag should be able to display a Liberty Bond.

Your Uncle Sam needs aid today

Old scout, will you respond?

Let no American delay,

Kick in and buy a bond.

WOMEN ARE TAKING POLL OF THE STATE

Mrs. Stimson Is Directing Work Under Auspices of W. C. T. U. — Complete in 15 Days

WORK DONE BY VOLUNTEERS

Indianapolis, Ind., June 4.—Women of the state are taking a complete poll of the women voters of the state, starting this week. The poll is being compiled under the direction of the Women Christian Temperance Union and other "dry" organizations in the state. It is expected that it will be completed within fifteen days. No expense is attached to the work, as women are volunteering for the work and purchasing poll books for a small sum.

Mrs. Stimson of Terre Haute is in direct charge of the work. She has procured 3,200 poll books, there being 3,177 precincts in the state.

Information procured includes the name and address of each voter; church affiliation, attitude on prohibition and woman suffrage, membership in clubs and other organizations, children and ages and political beliefs of the husband.

Notice of Administration.

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, Indiana, administrator of the estate of John C. Green, late of said county, deceased. All claims against said estate are to be presented to the undersigned on or before the 15th day of July, 1917.

Appreciations from dentists who have personally proven Senreco. Names on request.

Birmingham, Alabama, Mar. 20, 1917.

I am using Senreco myself. Gums have improved wonderfully.

Rochester, N. Y., Feb. 7, 1917.

I find Senreco a great help in my work.

Chicago, Ill., Mar. 10, 1917.

I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.

Philadelphia, Pa., Jan. 22, 1917.

Senreco actually improves the condition of the gums by reducing inflammation. I highly recommend it.

Columbus, Ohio, Oct. 20, 1916.

I find Senreco very beneficial.

Chicago, Ill., April 7, 1917.

I am using your excellent tooth paste in my home and the other members of my family have given up their old-time favorites for Senreco.

Buffalo, N. Y., Oct. 18, 1916.

Am well pleased with Senreco—as are my patients.

New York City, Mar. 27, 1917.

Senreco is the best tooth paste in use this day.

SUBSCRIPTIONS REACH \$50,000

Estimated Today That This is Sum Which Has so Far Been Invested in Liberty Bonds

LAST REPORT WAS \$35,000

Rush County is Far From Share of \$337,360 by June 15, However, Bankers Point Out

It was estimated today by Rushville bankers that the county bankers organization officers would report at least \$50,000 subscribed to the Liberty Loan by the close of business today.

Bankers point out, however, that this is a long way from \$337,360, the county's apportionment which it is supposed to subscribe for by June 15, when the campaign to sell the issue of \$2,000,000,000 closes. The last report from this county to the state organization was \$35,000.

In issuing Liberty Loan Bonds in a denomination as small as \$50 the Secretary of the United States Treasury has put it in the reach of almost every American citizen to do a real and actual service to his country.

Not all can fight, not all can render personal service in other ways, but those who are denied the privilege of serving their country in person have the privilege of serving her by lending their money to win her victories.

But it is not patriotism alone that urges the buying of Liberty Loan Bonds. Thrift and a wise economy in investing small savings commend these Liberty Loan Bonds to small investors. They are safe, and con-

JAMES M. CLARK IS DEAD

Expires of Dropsy in Brookside and Funeral is Held Today

James M. Clark, 72 years old, died Saturday night at ten o'clock at his home in Brookside, following a long illness from dropsy and a complication of diseases. He is survived by two sisters. The funeral services were conducted this morning at the late residence by the Rev. C. M. Yocum and burial took place in the Pleasant Run cemetery.

Considering their tax-free quality—free from all federal, state and local taxes (inheritance taxes excepted) and free from any war tax that may hereafter be levied, affording an absolutely net income of 3½ per cent, they constitute an ideal investment for savings.

Nor is there any reason for waiting for a later bond issue in the expectation of a higher rate of interest being obtained, for the law provides that should such bonds be issued later, Liberty Loan Bonds may be exchanged for them at par.

One aspect of the \$5,000,000,000 loan, the Liberty Loan of 1917, that the farmers of America may well consider is that a very great portion of the money raised by the bond issue will come directly into the pockets of the farmers of the Nation.

All of the money advanced to our allies will be expended in the United States and as they are making all of their own munitions practically all of the money advanced them will be spent for products of the farms—for cotton for clothing and high explosives, wool for clothing and leather for shoes; but by far the greater part of the money loaned our allies will be expended here for food products.

In a few months the United States will have under arms 1,200,000 men and 500,000 reserves in training; so including the Navy there will be 2,000,000 men that our Government will feed and clothe. This will make the United States Government by far the largest single customer the farmers of America have.

The Secretary of the Treasury is employing such methods in handling the loan that no community will be denuded of money by reason of Liberty Loan Bond purchases. The money will be left in local banks and as the Government purchases food and supplies the money raised by the bond issue will pass back into the pockets of the people.

The farmers of the country should subscribe liberally to the Liberty Loan Bonds. They get the safest investment in the world and their money supplies their best customer the funds to purchase their products. This is political economy the wisdom of which is plain to everyone.

Amusements

The Princess offers Alice Brady and Montague Love in the drama "The Dancer's Peril" for the program tonight. Miss Brady appears as the star of the Russian ballet and the many dance scenes feature the production. Tomorrow Alice Joyce, Harry Morey and Marc McDermott will be seen in the drama "Whom the Gods Destroy."

"May Blossom," starring Pearl White, in five wonderful reels of Pathecolor, is the attraction at the Gem tonight. The picture is a strong drama of the period about 1848. Annabelle Lee, a sweet young girl, marries a scoundrel. He destroys all records of the wedding and before they have begun to live together, runs away with an opera singer, who ruins him financially. Annabelle marries her childhood lover. The other man returns and in a drunken delirium he tells his story to Annabelle's husband, a doctor. Learning of this, the girl determines upon suicide. The villain knocks over the lamp and is burned to death. The husband reaches Annabelle before she can carry out her intention and they are reconciled.

The Lyric offers the three act comedy drama "The Girl God Made for Jones" for the first picture of tonight's program. Bryant Washburn is featured. The other is a two reel drama "Twisted Trails." Essie Eyton and Tom Mix are featured.

WAR BONDS

The humblest stay-at-home can do important war duty now by purchasing one or more bonds of the LIBERTY LOAN. They cost \$50, \$100, \$500, \$1,000 each and upwards, and they earn 3½% interest. The safest investment in the world, backed by the total resources of the richest country on earth.

The man who invests in the LIBERTY LOAN is not giving anything away; he is simply lending money to the Government at 3½ per cent interest. He certainly needs no urging to do this. But he must do so QUICKLY. Time is all-important. See a banker today and make your subscription.

TRAINING CAMP TO MEDICS OPEN

Six Hundred Physicians Arrive at Ft. Harrison For Three Months Course

FOUR CAMPS IN COUNTRY

Final "Weeding Out" of Rookies Will Take Place on June 15 —Qualify For Branches

(By United Press.)

Ft. Benjamin Harrison, Ind., June 4.—Six hundred physicians from northern and eastern states have joined the officers in training at Ft. Harrison. The physicians' course will continue over a period of three months and special work will be given in dressing wounds and other surgical practice.

The camp at this fort is one of four in the United States starting today, the other three being at Ft. Riley, Kans.; Ft. Oglethorpe, Ga., and the third in Texas. The physicians will be given the rank of captain at the start of their course.

Officers in training at the camp today started on their final spurt to qualify for the branch of service to which they will be assigned on June 16. All of the men are now being trained in companies of infantry but at that time the men will be assigned to the special classes of service which they desire and for which the officers in charge believe each individual is best fitted.

At that time the final "weeding out" will probably take place. Those men who have not been keeping up with the work or who have shown themselves unfit to hold officers' positions will be given their discharge. A large number of such men have been "let go" since the camp opened May 15 but many were given another chance.

People's Column

June 1, 1917 Editor the Rushville Republican, Rushville, Indiana.

Dear Sir:—

Interest in the congressional election in the sixth Indiana district is centering more and more about the great questions involved in the war. Party control in congress is not a matter that seriously concerns either party. The national platforms of last year cannot be invoked in this election, when new problems have arisen that take precedence of the principles stated in those platforms. Following the suggestion of some of the papers within the sixth district, I would like to suggest that an independent candidate be urged upon to make the race and that a platform of three planks such as the following be adopted:

1st. Vigorous prosecution of the war until a satisfactory and lasting peace is secured.

2nd. Nation-wide prohibition of the traffic in intoxicating liquors, including both their manufacture and sale, by proclamation of the President as a necessity for efficiency in prosecuting the war and as a justifiable means of meeting the demand for increased food production.

3rd. Equal suffrage by constitutional amendment as a just and reasonable evidence of our sincerity in waging a war for world-wide democracy.

The prerogative of the President for abolishing the liquor traffic would be established by the decisions of the Supreme Court of the United States. Those decisions provide that there is no vested interest in the traffic in intoxicating liquors which the law is bound to respect, and that no one has any inherent right to engage in the sale of intoxicating liquors. The abolition of this traffic at this time by proclamation of the President would be an achievement equal in importance to that of Lincoln in emancipating the slaves. Indeed, an entire nation is clamoring for freedom from this traffic. Such a platform as the above would commend itself to the voters of the district and would be of nation-wide interest if an election were held thereon. Trusting that these views may find room in your paper, I am

Respectfully yours,

It's Like Buying a Gold Dollar for Ninety Cents

AT ITS PRESENT PRICE (\$875 f. o. b. factory) Reo the Fifth is the greatest buy in the market.

WHY, JUST CONSIDER! That was the price when cost of manufacture was vastly less than now.

AND YOU'VE SEEN prices advance all along the line since then.

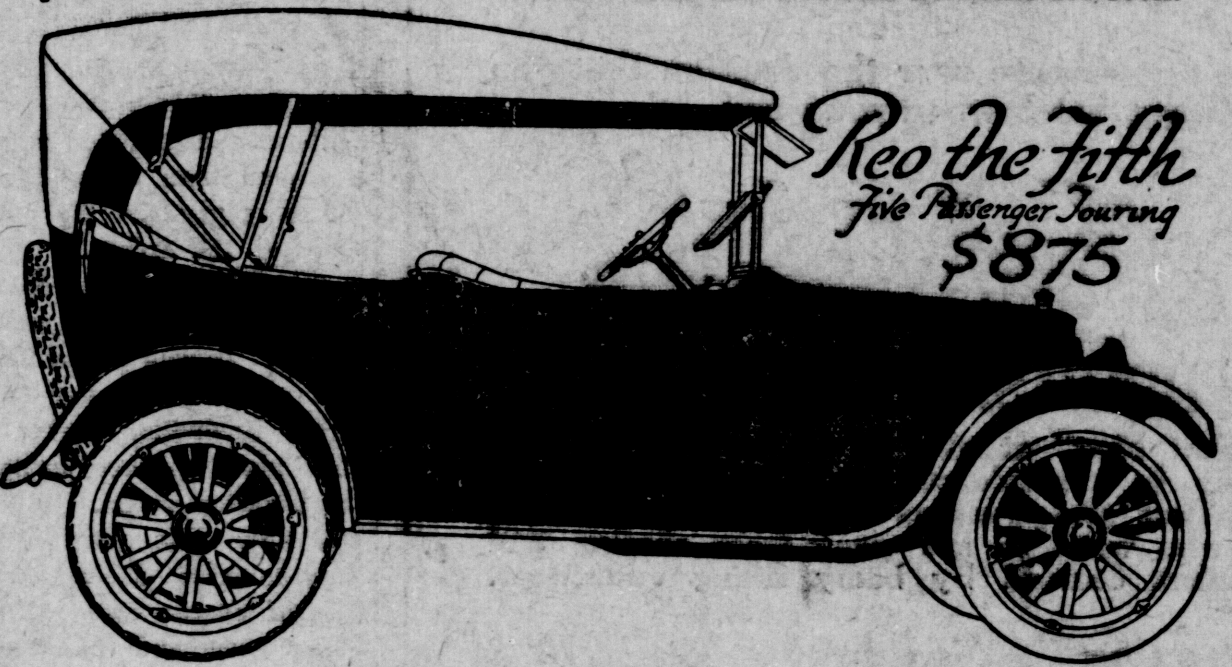

THE REO FOLK have steadfastly refused to add a dollar to the list price of Reos as long as there was any margin of profit at all at standard prices.

BUT WE ARE WARNED that there's no certainty how long this price can be maintained.

COSTS ARE INCREASING all along the line and there's no relief in sight. So it may be necessary any day to add \$75 or \$100 to the present price of all Reo models. Others have—Reo may have to.

SO ONLY WAY is to secure your Reo now—order and set a definite date for delivery.

TODAY won't be a minute too soon.

KEEPING CHOLERA DOWN TO MINIMUM

Reports From Experts Show That This Disease Is Not General Over State

FEDERAL EXPERTS AIDING

(By United Press.)

Indianapolis, Ind., June 4.—Reports on work of hog cholera experts who are active in the state under direction of the federal department, of animal industry and the state veterinary department, made public today, show great strides being made in the state toward eradication of the disease as a war measure.

One hundred and eighty-three meetings have been held over the state for farmers and stockmen in order to impart the latest ideas toward preventing and stamping out of the disease. The federal experts have traveled more than 24,000 miles over the state in this work. More than 550 sick herds have been visited, but of this number 139 were suffering from hog cholera.

Why The Anker-Holth Cream Separator Satisfies The User.

BECAUSE it is simple in construction, easily operated and economic.

BECAUSE it contains fewer mechanical parts than any other separator made.

BECAUSE the bowl being self-draining, makes it non-freezing in cold weather.

BECAUSE it is the most sanitary separator made, insuring a cream of great purity.

BECAUSE it is easily cleaned and easy to turn—that's why the "women folks" like it.

BECAUSE it is the only separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

BOARD OF REVIEW MEETS

Begins 20-Day Session by Checking up Books of Assessors

The county board of review started its annual twenty days session this morning. The board started work on checking up the books of the assessors. This is expected to occupy several days and then the board will be in a position to hear complaints against assessments. The board will take up this work by townships. It is likely that the mortgage exemptions will be examined carefully before complaints are heard. The board is composed of Samuel Young, George Havens, County Assessor Schrader, County Treasurer Williams and County Auditor McMillin.

NEW INSTRUCTION ON REGISTRATION ARRIVES

Continued from Page 1.

they arrived at the clerk's office to attend to this part of their duties. This was determined upon as a better plan than trying to instruct all of the registrars by telephone regarding the order.

Sheriff Cavitt was the busy member of the county registration board today. It was he to whom all men of conscription age living away from Rushville, but still claiming this place as their home, sent their registration cards. To comply with the law, this class of individuals had to send their cards to the sheriff of the county they claim as their home and the sheriff in turn had to distribute them to the right precincts before the registration polls closed. Sheriff Cavitt has a large number of cards sent here which he will have to place in the hands of precinct registrars tomorrow.

Clerk Moore has already discovered that he will have a very disagreeable task when the exemptions are made. One man in Rush county has already asked Mr. Moore to favor his son when time for exemption came. Even though he were so inclined, the clerk would lay himself liable to a penitentiary offense if he in any way violated the wording or spirit of the conscription law.

It appears that the new instructions today, though the exemption rules have not been made public, will prevent many men of conscription age to escape military service by claiming agriculture as an occupation. Several cases have come to the attention of the board of young men who will claim exemption on this ground when they never worked on a farm until the conscription law was passed. The board knows of one young man from a city east of here who has gone to work on a Rush county farm and expects to claim exemption on account of it.

The registration polls will be open from seven o'clock in the morning until nine o'clock at night. All men of conscription age, whether or not they think they will be exempted are expected to register. They will register at the same place they voted in the last general election, if they live in the same precinct. Under no consideration will the polls be closed before nine o'clock at night. Registrars are urged to report to the court board at the clerk's office in the court house as soon after the polls close as possible.

ALLEGES HE WAS A VICTIM OF FRAUD

Edward C. Jackson Files Suit Against John M. Linville to Have Deed Declared Mortgage

THOUGHT WAS SIGNING ONE

Edward C. Jackson has filed suit against John H. Linville and Luella Linville to declare a deed a mortgage, alleging that he was the victim of fraud at the hand of the defendants and was induced to sign a deed for his interest in the estate of the late Deborah Linville when he thought he was signing a mortgage.

He alleges that he borrowed \$150 from John Linville and in signing the paper believed it to be a mortgage to secure payment of the loan, but on investigation it was found that the paper was a deed. Jackson recently filed a partition suit against the estate and after this was filed it was found he had no interest in the estate as he had deeded it to Linville. He alleges fraud and the court is asked to declare the deed a mortgage.

Serum Station.....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly troat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

The parade preceding the big patriotic meeting at the coliseum tonight will move promptly at seven-thirty o'clock and every person in the city and county who can is urged to get in line with the organization with which they are identified. If they do not happen to be members of any of the fraternal bodies or other societies represented, they are requested to fall in line with the citizens division.

The big patriotic demonstration was arranged with a view of encouraging the young men who will register tomorrow for possible conscription in their country's army for service in the war. It is the desire of the community to make the young men of conscription age understand that the people here are behind them and appreciate the sacrifices they will make. It is intended that the people of Rush county shall show that they are willing to make as great sacrifices as possible, but that none can be equal to offering their lives in their country's service.

The same thing applies to the boys of Company B. The demonstration will be an encouragement to them even more so than to the young men who tomorrow will register, because they have volunteered to go and they will likely see service at the front before any of the conscript divisions will.

The idea in view when the meeting was arranged was also to boost the organization of the Red Cross and the sale of the Liberty Loan bonds. These campaigns will be alluded to in the addresses to be delivered at the meeting.

The main address will be made by Fred VanNuys of Indianapolis, who was born and reared near Falmouth and is known to many people in Rush county. E. B. Thomas will preside and speak of the Red Cross work. An army man has been prom-

DELEGATES TO BE PICKED TONIGHT

Republicans to Meet by Townships
to Select Delegation for Con-
vention Friday

DISTRICT SITUATION SAME.

Charles O. Williams, Third Wayne
County Candidate, Offers So-
lution of the Muddle

The republicans of Rush county will meet in mass convention tonight in the various townships to select delegates and alternate delegates to the district convention to be held here Friday. Each township will be entitled to one delegate except Rushville township which will have four delegates.

The Rushville township meeting will be held in the assembly room of the court house. It will be decided at the meeting tonight just how the delegates in this township will be apportioned. The delegates may be divided equally between the city and the township, outside or the city given three and the out-township one.

The republican situation in the district is unchanged and from all indications the convention here Friday will be the most sensational held in the district in many years. Party leaders are prepared for almost anything to happen and at this time it would not be surprising to see a man nominated who has not yet been mentioned in the list of candidates. With Wayne county apparently split on the three candidates there a "dark horse" candidate is believed to stand just as good show at this time as any of the avowed candidates.

C. O. Williams, county superintendent of school in Wayne county, made a definite announcement of his candidacy Saturday. Williams offered a solution of the Wayne county muddle, but it is not likely to be followed. Williams is in favor of the delegates selected by Wayne county giving the solid support to the man securing the majority of the delegates. This would eliminate two of the Wayne county candidates and would center their support upon one man and with Wayne county controlling the convention this man would likely be nominated.

The position of Rush county republicans is unchanged. If the Wayne county candidate is to receive the nomination he must be a man who can and will have the support of Wayne county.

With Richard Elliott of Connersville a candidate Fayette county may present a second candidate. James K. Mason is a candidate from all indications. In a statement Mason said he would be a candidate if someone would place his name in nomination and it received a second. Mason is not working for the nomination but can be counted a candidate. He served as representative in the last legislature and would probably receive some support from the farmers of Fayette county, as he is himself a farmer.

Unless Wayne county republicans get together there is now a possibility that some of the delegates there will face contests in getting their seats in the convention. Whether the contest will go this far remains to be seen.

CHESTER M. GEORGE RE-ELECTED TODAY

County Superintendent is Chosen to
Remain in Office by Deciding
Vote of Auditor.

DEMOCRATS DIVIDE VOTES

Casting his vote with six republican trustees, County Auditor McMillin this afternoon declared Chester M. George elected county superintendent of schools for another period of four years dating from August 16.

The six democrats were divided in their support, bringing out three candidates and each of the three received two votes. The democrats evidently believed that the vote of the auditor could be cast only when two candidates were tied, and for this reason split their vote between three, but as the law provides that a candidate must get a majority, the republicans were agreed there was nothing to do but cast the deciding vote. Arie M. Taylor received two votes, Mrs. Margaret Morton, two votes, and Alfred Hall, two votes.

The meeting was scheduled for ten o'clock this morning, but was postponed on account of Donald Mull, trustee of Walker township, being unable to attend.

DELEGATES ABOUT EQUALLY DIVIDED

Democratic Delegation to District
Convention Likely to Divide
Its Support

THIRTEEN ARE SELECTED

Center Township Delegate Only One
Instructed—Rushville Town-
ship For Federmann

From all indications the Rush county delegation to the congressional convention to be held in Cambridge City Thursday will be about equally divided between Finly Gray and Louis Federmann, the two candidates. And this happens in the face of efforts to line up the delegation against Gray. While the delegation appears to be about equally divided between the two candidates, it is believed Federmann will have slightly the best of the argument.

In one township the democrats did not know Gray had an opponent and instructed the delegate to vote for the former congressman. This was in Center township.

In Rushville township Finly Gray lost out. From all reports the mass convention selected the two delegates before the arrival of Gray's chief supporter, and as a result the two delegates favor Federmann or anyone except Gray. The two delegates are Donald L. Smith and Samuel L. Trabue. The convention here was called for seven o'clock and after waiting until seven-thirty o'clock "to give all a fair show," as one man put it today, they proceeded with the selection of the two delegates and after it was all over the Gray man appeared. He lost out because both Trabue and Smith are opposed to Gray.

The delegates from Rushville township, Noble, Walker, Posey, Washington and possibly Ripley are taken to be against Gray. This would give Federmann seven delegates or more than half of those selected. This does not look very good for Gray and if other counties split up their delegations as Rush has done, the convention will turn out to be a real fight.

The delegates selected are as follows:

Rushville—Donald L. Smith and Samuel L. Trabue, delegates; Frank Megee and John Morris, alternates.
Washington—T. J. Martin, delegate; Oliver Carson, alternate.

FUND FOR COMPANY B FLAG IS INCREASED

R. E. Mansfield's Allusion to Citizens' Failure to Respond Brings
Donations of \$13

IT IS NOT HALF RAISED YET

Robert E. Mansfield's allusion, in Red Cross addresses Sunday at the United Presbyterian church and the St. Paul's M. E. church, to the fact that no response had been forthcoming to the appeal for funds to buy a flag for Company B, was productive of results today.

A. B. Irvin announced some time ago that he would start a fund with a contribution of \$5 to purchase a company flag to cost \$50 and since that time only \$3 had been contributed, raising the fund to \$8. Today \$13 more was donated, bringing the fund up to \$21, less than half of what it will have to be to buy the kind of a flag wanted.

Mr. Mansfield said that a flag presented by the community to the company which is going from here to fight, would be a golden cord that would connect the Rushville boys with home and the sight of it would always arouse pleasant thoughts of those left behind.

NEW INSTRUCTION ON REGISTRATION

County Board to Strike Out Column
For "Occupational Exemption"

JUST WHAT IT INDICATES

Farmers of Conscription Age Ex-
pecting Exemption—Board Has
Disagreeable Task

Clerk George Moore today received instructions from the United States provost marshal, General Crowder, sent through Jesse Eschbaugh, state conscription agent, which indicate that there will be no exemptions from conscription on account of occupation.

This will be a big disappointment to many persons because the feeling has prevailed that farmers' sons of military age could claim and would receive exemption from military service because of their occupation and the part they played in the greater crops production movement. The instructions make it manifest that exemption may be claimed for physical disability. The instructions read in part as follows:

"Strike out the second sentence of the paragraph at the top of page 22. Substitute therefor the following: 'Deal out all cards in which the answer to Question 12 indicates a claim of exemption on any ground.' Strike out the words 'Occupational Exemption' in the fourth line of that paragraph. 'Substitute for the words 'Occupational Exemption' in the last two lines of page 21 the words 'Physical Disability'."

"Change the heading of Column 4 and 11 on form 2, 'Summarization blank' to read 'Probable Exemptions not indicated in Columns 1, 2 and 3.'"

Question No. 12 on the registration card is "Do you claim exemption from draft (Specify grounds)?"

As a result of this order, Clerk Moore instructed all precinct registrars today not to summarize their registration cards, but to wait until used for the meeting to make a few remarks, but it is not yet known who this will be. Lieut. Col. Hawkins of Connersville, a member of Governor Goodrich's staff, has sent word that he will be present.

TO ENFORCE REGISTRATION

Department of Justice Drops All
Other Matters to See That the
Law is Upheld Tuesday

(By United Press.)

Washington, June 4.—The government intends to draft 625,000 on the first call following registration. This information was given the senate military committee today by Provost Marshall General Crowder.

The 125,000 men above the first 500,000 increment will be placed in training camps to fill vacancies of the men who have gone through sickness or death.

Crowder emphasized the fact that no class of men will be exempted as a whole from service in America's army as such a system would endanger the government's plan to get 1,500,000 men from the 10,000,000 expected to register.

Meanwhile the department of justice has sidetracked all other business for the enforcement of the registration law. The department issued this warning: "All matters of the department of justice for the time being will be left to enforce the conscription act. When ever the assistance of the department is needed, state and local officers will be sought. The officials and agents of the department throughout the country have been instructed accordingly."

Federal agents today made an eleventh hour round up of anti-conscriptionists, in final preparation of the registration for selective service tomorrow. Reports to the department of justice indicated, that activity of anti-conscriptionists tomorrow will be limited and that demonstrations will probably be few.

Immediately after registration, the question of exemptions will be taken under consideration by the president and his advisors.

TREASON CHARGED

Pittsburg, Pa., June 4.—Charges of treason were made today against four men arrested for circulation of anti-conscription literature and delivering speeches against the draft.

FOUR ARRESTED

St. Paul, Minn., June 4.—Four persons were arrested here today for distributing anti-draft circulars. Federal agents estimated that one hundred eluded their vigilance last night and early today and distributed 35,000 circulars. Other arrests are expected.

Wire Brevities

Washington, June 4.—The senate finance committee today tentatively agreed to place a two per cent advertising tax on all newspapers and periodicals.

Springfield, Mo., June 4.—Kidnappers of Lloyd Keet, 14-months-old son of J. H. Keet, millionaire banker, have been located about thirty miles from Springfield in the Ozark foothills and are being watched closely, it was learned today. They may be arrested before night. Judge Johnson of criminal court announced today that Keet voluntarily gave the authorities all information in his possession regarding the case which has heretofore kept secret.

Carthage Leads All Auxiliaries in
Point of Membership With 219
on The Roll

The Rush county chapter of the Red Cross society today sent a report to headquarters of the American Red Cross Society at Washington showing that there are 1150 members of the society in this county.

This report does not disclose the real membership because they are many more members known to the officials who have not been reported. Many members recruited in the special campaign in Rushville last week have not been reported and there are reports to be received from several auxiliaries which were lately organized.

Officers of the Red Cross estimated that there are easily between twelve and fourteen hundred members in the county. Rushville city has 595 and auxiliaries having already reported show the following membership:

Milroy 71, Center township 134, Raleigh and vicinity 35, Carthage 219, Orange 26, Richland 70.

The final appeal of the week's campaign for members in Rushville was made in all of the churches yesterday. This does not mean that the campaign for members is ended by any means. The work for new members will be continued by the membership committee just as long as there remains a man, woman or child in the county who has not enrolled his or her name. A special effort was made in the city last week to make a personal appeal to join. The city was divided into districts and a member of the Red Cross canvassed each district. The new members reported today do not represent the entire results of the week's campaign. Many persons promised the canvassers they would join, but were not prepared to enroll their names at the time they were seen.

What will probably be the last of the meetings out in the county to organize auxiliaries will be held at Homer Wednesday night. The Red Cross has met with excellent success outside of the city and has found a ready response among the people of the small towns. There are Red Cross auxiliaries at Carthage, Mays, Arlington, Glenwood, Manilla, Milroy, Moscow, Raleigh and New Salem. All these auxiliaries are expected to recruit members in their respective communities. Milroy and Arlington were just organized Friday night. In the story of the Milroy meeting Saturday, the Republican neglected to mention that the Rev. C. M. Yocum spoke, in addition to the speech of E. B. Thomas, the Rush county chairman.

The Red Cross appeal was made at the First Presbyterian church last night by E. B. Thomas. Robert E. Mansfield and Earl B. Marlett spoke last night at St. Paul's M. E. church and Mr. Mansfield spoke at the Red Cross service at the United Presbyterian church in the morning. The Rev. C. M. Yocum spoke at the special Red Cross service at the Main Street Christian church last night. There were Red Cross representatives at each of the churches and many new members were obtained.

GUNN HAYDON

GAINED TWENTY-FIVE POUNDS IN TWO MONTHS

KNOWING THAT SHE WAS GOING DOWN IN WEIGHT, HEALTH AND ENERGY, THIS LADY FINALLY FOLLOWED THE ADVICE OF FRIENDS AND TOOK PEP-SINCO.

For many years Mrs. G. suffered with indigestion. She could get no help. She doctored and took most every stomach remedy her friends recommended, but got little relief. She lost in weight till she was apparently nothing but skin and bone. What she ate as a rule caused misery and pain. She would bloat and was seldom without headache. Nothing agreed with her. She would get up in the morning with a bad taste-coated tongue and feeling of dizziness. The slightest odor of savory foods nauseated her. She passed the day in misery and went to bed tired, worn-out and hungry.

This lady read, as you are doing, of Pepsinco. She heard of Pepsinco. Her friends used Pepsinco and were helped, but she thought Pepsinco was like other stomach remedies, helpful in minor cases only.

She was finally prevailed on to get a small package of Pepsinco. The first package did her so much good that she continued their use until, after a few weeks, she could eat with a relish ordinary foods.

In exactly two months she came up to her normal weight. Today she is happy and has every reason to be so. Her main trouble was indigestion, and Pepsinco is the best preparation to be had for indigestion and kindred ailments.

Pepsinco will help you, if you have the least trouble with your food. Sour stomach, sick headache, bloating, nausea, biliousness and heartburn are symptoms that Pepsinco will remedy. Don't doubt another minute, do as this lady did—get a small package and try it today. All druggists have it, or we will send a trial package free of charge if you will send your name to: The Neuro Pharmaceutical Company, Wapakoneta, Ohio.

How Much is a Billion Dollars?

The large sum of money represented by the term "a billion dollars," now being so frequently used in the war financing of this and other countries, is illustrated by a statement recently made before the class in International Trade and Commercial Geography in the Educational Department of The National City Bank of New York.

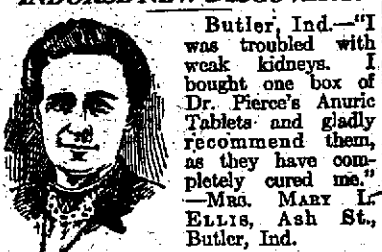

In these discussions of international trade, said the lecturer, in which we must talk in terms of millions and billions, it will be important that we get clearly in mind the relative value of these two great measures of quantity. Let us take a simple and familiar subject as a method of determining the comparative greatness of the two terms "millions" and "billions." We all know how rapidly an expert counter of coin will manipulate them. The Treasury experts will count 4,000 silver dollars in an hour and keep it up all day long; but that is their limit. Working eight hours a day then, an expert counter of coin will count 32,000 silver dollars in a day, but how long will it take him, at that rate, to count a million dollars? Thirty-one days. But that is only

What Is Anuric?

The New Discovery for Kidneys, Rheumatism and Backache.

Send 10 cents with name of this paper to Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a large sample package of Anuric. It will convince anyone suffering from kidneys, bladder, backache, that it is many times more active than lithia, and dissolves uric acid in the system as hot water melts sugar; besides being absolutely harmless, it preserves the kidneys in a healthy state by thoroughly cleansing them. Anuric sweeps from the blood the uric acid which causes rheumatism, gout, sciatica. Anuric is an insurance agent against sudden death. Send to Dr. Pierce, Buffalo, N. Y., for free book on Diseases of Kidneys.

WELL-KNOWN INHABITANTS INDORSE NEW DISCOVERY.

Butler, Ind.—"I was troubled with weak kidneys. I bought one box of Dr. Pierce's Anuric Tablets and gladly recommend them, as they have completely cured me."
—MRS. MARY L. ELLIS, Ash St., Butler, Ind.

Elkhart, Ind.—"As a kidney medicine I find Anuric to be the finest I have ever known. I am 84 years old and for years have suffered with backache, and my bladder caused me to have many a restless night. I have also suffered with rheumatism in my limbs. I have taken other kidney remedies but must say that Anuric is the best one of them all. My back has ceased to ache, the rheumatism has disappeared and I am able to rest beautifully at night. My general health is improved and I feel most grateful for the relief I have obtained through Anuric."

the beginning of the measurement of great figures, for if this same man were to go on counting silver dollars at the same rate of speed for 10 years he would find that he had only counted one hundred million of them and that to count a billion dollars would require 102 years of steady work at the rate of eight hours per day during every working day of the 102 years. So when you begin to talk of billions of dollars, in the measurement of our commerce or that of the world, please remember that a billion is a thousand times as much as a million.

Another illustration of the large number represented by the term "billion" is found in the fact that one billion silver dollars laid down in a line, each touching its neighbors preceding and following it, would form a line sufficient to stretch practically around the world, the exact number of silver dollars required to form a continuous line equal to the earth's circumference at the equator being 1,052,000,000.

It is only within a comparatively recent date that the United States became a billion dollar country. Speaker Reed coined this phrase "the United States has become a billion dollar country" when somebody complained of the fact that a certain Congress, of which he was then Speaker, had appropriated over a billion dollars for Government expenses during its two years of existence, but no single year now passed in which appropriations do not exceed a billion dollars. It was only in the year 1892 that exports of domestic merchandise from the United States first crossed the billion dollar line, by 1911 they exceeded two billions, in the calendar year 1914 were three billions, in 1915 three and one-half billions, and in 1916 nearly five and one-half billions. The money in circulation in the United States first crossed the billion dollar line in 1881, but was two billions in 1900, three billions in 1908, four billions in 1915, and \$5,415,000,000 on May 1, 1917.

Conscript Incomes

Is our congress going to say that it is only the lives of our boys that are owing to their country in this crisis? Is there something yet more precious, that must not be laid on the altar? Is the wealth of our money lords too sacred to be touched without gilt-edged notes, bonds and usury?

Perish the thought! Will red blooded Americans who are ready to give their lives for their country consent to give those lives in defense of the money bags of the Shylocks? Not unless those bags are opened wide to the country's needs.

Two thousand years ago a poor woman dropped into the contribution chest her "mite"—but it was her all. At the same time the rich and powerful gave princely sums, yet the Master Teacher declared her gift to be greater than theirs.

Many a sorrowing mother will be called upon in the days to come for her "mite"—her brave young son. Fathers are asked to surrender the sons upon whom they hoped to lean in the helplessness of age. Are these sacrifices to be made that the miser's hoard may be safe?

Conscript incomes! Conscript wealth wherever found, if necessary, to the prosecution of the war.

Are the plutocrats who have fattened on the public for generations still to be regarded as a "privileged class" when the life of our nation and its people are at stake?

Conscript the incomes! Let the Shylocks lay their wealth where the poor man lays his life.

Up to the present time the country as a whole has been practically sleeping with regard to the war. But we will awake with a sudden start when the selective draft begins to draw our own sons and brothers to the trenches. There will be no lack of interest from then on. Once thoroughly aroused to the seriousness of the situation, the American people will wade in with sleepers up and stick until the last dog is hanged.

In an eastern city recently a number of short men held a meeting to protest against the high position of straps in public conveyances. At the same time, we opine, their sons were protesting against the low position of the strap in the parental hand. No, we can't please all the people.

Patriotism That Pays

By Luke McLuke

You are trying to show your Patriotism by wearing an American Flag on your coat lapel. But the real way to show your Patriotism is to wear a Liberty Bond in your coat pocket.

The possession of even a \$50 Liberty Bond is your certificate of Patriotism. It shows that you have done your share to help your country at this time when your help is needed.

Do you know that the sacrifice of a few cigars and drinks a day will make you the owner of a Liberty bond? Would you be willing to put even a dollar a week into helping your country win this war? Any bank will arrange this for you.

Remember that you are not giving your country anything. You are lending Uncle Sam your spare change, and he will repay you with interest. Why let your savings account slumber in a bank because you get 3 per cent interest? Invest it in Liberty Bonds and get 3 1/2 per cent interest.

It is all very well to cheer and wave Old Glory, but your cheering and waving doesn't buy ammunition for Uncle Sam and doesn't arm and clothe our recruits. Every dollar that you put into Liberty Bonds goes to help win this war. If you can't carry a gun, you can carry a bond.

Every home that displays an American Flag should be able to display a Liberty Bond.

Your Uncle Sam needs aid today.

Old scout, will you respond?

Let no American delay,

Kick in and buy a bond.

THE KAISER'S PRAYER

Mine Gott vill you be mine partner?

WOMEN ARE TAKING POLL OF THE STATE

Complete in 15 Days

Mrs. Stimson is Directing Work Under Auspices of W. C. T. U.

Complete in 15 Days

WORK DONE BY VOLUNTEERS

Indianapolis, Ind., June 4.—Women of the state are taking a complete poll of the women voters of the state, starting this week. The poll is being compiled under the direction of the Women Christian Temperance Union and other "dry" organizations in the state. It is expected that it will be completed within fifteen days. No expense is attached to the work, as women are volunteering for the work and purchasing poll books for a small sum.

Mrs. Stimson of Terre Haute is in direct charge of the work. She has procured 3,200 poll books, there being 3,177 precincts in the state. Information procured includes the name and address of each voter; church affiliation, attitude on prohibition and woman suffrage, membership in clubs and other organizations, children and ages and political beliefs of the husband.

Senreco

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco. Names on request.

Birmingham, Alabama, Mar. 20, 1917.
I am using Senreco myself. Gums have improved wonderfully.
Rochester, N. Y., Feb. 7, 1917.
I find Senreco a great help in my work.
Chicago, Ill., Mar. 10, 1917.
I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.
Philadelphia, Pa., Jan. 22, 1917.
Senreco actually improves the condition of the gums by reducing inflammation. I highly recommend it.
Columbus, Ohio, Oct. 20, 1916.
I find Senreco very beneficial.
Chicago, Ill., April 7, 1917.
I am using your excellent tooth paste in my home and the other members of my family have given me their old-time favorites for Senreco.
Buffalo, N. Y., Oct. 14, 1916.
New York City, Mar. 27, 1917.
I have used the Senreco tooth paste in my office for some time. I find it very effective in the treatment of gum disease. I highly recommend it. Get a tube of Senreco of your druggist or mail order house. Costs only 15c for large 2 oz. tube.

SUBSCRIPTIONS REACH \$50,000

Estimated Today That This is Sum Which Has so Far Been Invested in Liberty Bonds

LAST REPORT WAS \$35,000

Rush County is Far From Share of \$337,360 by June 15, However, Bankers Point Out

It was estimated today by Rushville bankers that the county bankers organization officers would report at least \$50,000 subscribed to the Liberty Loan by the close of business today.

Bankers point out, however, that this is a long way from \$337,360, the county's apportionment which it is supposed to subscribe for by June 15, when the campaign to sell the issue of \$2,000,000,000 closes. The last report from this county to the state organization was \$35,000.

In issuing Liberty Loan Bonds in a denomination as small as \$50 the Secretary of the United States Treasury has put it in the reach of almost every American citizen to do a real and actual service to his country.

Not all can fight, not all can render personal service in other ways, but those who are denied the privilege of serving their country in person have the privilege of serving her by lending their money to win her victories.

But it is not patriotism alone that urges the buying of Liberty Loan Bonds. Thrift and a wise economy in investing small savings commend these Liberty Loan Bonds to small investors. They are safe, and con-

JAMES M. CLARK IS DEAD

Expires of Dropsy in Brookside and Funeral Is Held Today

James M. Clark, 72 years old, died Saturday night at ten o'clock at his home in Brookside, following a long illness from dropsy and a complication of diseases. He is survived by two sisters. The funeral services were conducted this morning at the late residence by the Rev. C. M. Yocum and burial took place in the Pleasant Run cemetery.

sidering their tax-free quality—free from all federal, state and local taxes (inheritance taxes excepted) and free from any war tax that may hereafter be levied, affording an absolutely net income of 3 1/2 per cent, they constitute an ideal investment for savings.

Nor is there any reason for waiting for a later bond issue in the expectation of a higher rate of interest being obtained, for the law provides that should such bonds be issued later, Liberty Loan Bonds may be exchanged for them at par.

One aspect of the \$5,000,000,000 loan, the Liberty Loan of 1917, that the farmers of America may well consider is that a very great portion of the money raised by the bond issue will come directly into the pockets of the farmers of the Nation.

All of the money advanced to our allies will be expended in the United States and as they are making all of their own munitions practically all of the money advanced them will be spent for products of the farms—for cotton for clothing and high explosives, wool for clothing and leather for shoes; but by far the greater part of the money loaned our allies will be expended here for food products.

In a few months the United States will have under arms 1,200,000 men and 500,000 reserves in training; so including the Navy there will be 2,000,000 men that our Government will feed and clothe. This will make the United States Government by far the largest single customer the farmers of America have.

The Secretary of the Treasury is employing such methods in handling the loan that no community will be denuded of money by reason of Liberty Loan Bond purchases. The money will be left in local banks and as the Government purchases food and supplies the money raised by the bond issue will pass back into the pockets of the people.

The farmers of the country should subscribe liberally to the Liberty Loan Bonds. They get the safest investment in the world and their money supplies their best customer the funds to purchase their products. This is political economy the wisdom of which is plain to everyone.

The Princess offers Alice Brady and Montague Love in the drama "The Dancer's Peril" for the program tonight. Miss Brady appears as the star of the Russian ballet and the many dance scenes feature the production. Tomorrow Alice Joyce, Harry Morey and Marc McDermott will be seen in the drama "Whom the Gods Destroy."

"May Blossom," starring Pearl White, in five wonderful reels of Pathecolor, is the attraction at the Gem tonight. The picture is a strong drama of the period about 1848. Annabelle Lee, a sweet young girl, marries a scoundrel. He destroys all records of the wedding and before they have begun to live together, runs away with an opera singer, who ruins him financially. Annabelle marries her childhood lover. The other man returns and in a drunken delirium he tells his story to Annabelle's husband, a doctor. Learning of this, the girl determines upon suicide. The villain knocks over the lamp and is burned to death. The husband reaches Annabelle before she can carry out her intention and they are reconciled.

The Lyric offers the three act comedy drama "The Girl God Made for Jones" for the first picture of tonight's program. Bryant Washburn

WAR BONDS

The humblest stay-at-home can do important war duty now by purchasing one or more bonds of the LIBERTY LOAN. They cost \$50, \$100, \$500, \$1,000 each and upwards, and they earn 3 1/2% interest. The safest investment in the world, backed by the total resources of the richest country on earth.

The man who invests in the LIBERTY LOAN is not giving anything away; he is simply lending money to the Government at 3 1/2 per cent interest. He certainly needs no urging to do this. But he must do so QUICKLY. Time is all-important. See a banker today and make your subscription.

TRAINING CAMP TO MEDICS OPEN

Six Hundred Physicians Arrive at Ft. Harrison, For Three Months Course

FOUR CAMPS IN COUNTRY

Final "Weeding Out" of Rookies Will Take Place on June 15 —Caution For Branches

(By United Press.)

Ft. Benjamin Harrison, Ind., June 4.—Six hundred physicians from northern and eastern states have joined the officers in training at Ft. Harrison. The physicians' course will continue over a period of three months and special work will be given in dressing wounds and other surgical practice.

The camp at this fort is one of four in the United States starting today, the other three being at Ft. Riley, Kans.; Ft. Oglethorpe, Ga., and the third in Texas. The physicians will be given the rank of captain at the start of their course.

Officers in training at the camp today started on their final spurt to qualify for the branch of service to which they will be assigned on June 16. All of the men are now being trained in companies of infantry but at that time the men will be assigned to the special classes of service which they desire and for which the officers in charge believe each individual is best fitted.

At that time the final "weeding out" will probably take place. Those men who have not been keeping up with the work or who have shown themselves unfit to hold officers' positions will be given their discharge. A large number of such men have been "let go" since the camp opened May 15 but many were given another chance.

People's Column

June 1, 1917

Editor the Rushville Republican, Rushville, Indiana.

Dear Sir:—

Interest in the congressional election in the sixth Indiana district is centering more and more about the great questions involved in the war. Party control in congress is not a matter that seriously concerns either party. The national platforms of last year cannot be invoked in this election, when new problems have arisen that take precedence of the principles stated in those platforms. Following the suggestion of some of the papers within the sixth district, I would like to suggest that an independent candidate be urged upon to make the race and that a platform of three planks such as the following be adopted:

1st. Vigorous prosecution of the war until a satisfactory and lasting peace is secured.

2nd. Nation-wide prohibition of the traffic in intoxicating liquors, including both their manufacture and sale, by proclamation of the President as a necessity for efficiency in prosecuting the war and as a justifiable means of meeting the demand for increased food production.

3rd. Equal suffrage by constitutional amendment as a just and reasonable evidence of our sincerity in waging a war for world-wide democracy.

The prerogative of the President for abolishing the liquor traffic would be established by the decisions of the Supreme Court of the United States. Those decisions provide that there is no vested interest in the traffic in intoxicating liquors which the law is bound to respect, and that no one has any inherent right to engage in the sale of intoxicating liquors. The abolition of this traffic at this time by proclamation of the President would be an achievement equal in importance to that of Lincoln in emancipating the slaves. Indeed, an entire nation is clamoring for freedom from this traffic. Such a platform as the above would commit itself to the voters of the district and would be of nation-wide interest, if an election were held thereon. Trusting that these views may find room in your paper.

Reo

It's Like Buying a Gold Dollar for Ninety Cents

AT ITS PRESENT PRICE (\$875 f. o. b. factory) Reo's Fifth is the greatest buy in the market.

WHY, JUST CONSIDER! That was the price when cost of manufacture was vastly less than now.

AND YOU'VE SEEN prices advance all along the line since then.

THE REO FOLK have steadfastly refused to add a dollar to the list price of Reos as long as there was any margin of profit at all at standard prices.

BUT WE ARE WARNED that there's no certainty how long this price can be maintained.

COSTS ARE INCREASING all along the line and there's no relief in sight. So it may be necessary any day to add \$75 or \$100 to the present price of all Reo models. Others have—Reo may have to.

SO ONLY WAY is to secure your Reo now—order and set a definite date for delivery.

TODAY won't be a minute too soon.

KEEPING CHOLERA DOWN TO MINIMUM

Reports From Experts Show That This Disease Is Not General Over State

FEDERAL EXPERTS AIDING

(By United Press.)

Indianapolis, Ind., June 4.—Reports on work of hog cholera experts who are active in the state under direction of the federal department, of animal industry and the state veterinary department, made public today, show great strides being made in the state toward eradication of the disease as a war measure.

One hundred and eighty-three meetings have been held over the state for farmers and stockmen in order to impart the latest ideas toward preventing and stamping out of the disease. The federal experts have traveled more than 24,000 miles over the state in this work. More than 550 sick herds have been visited, but of this number 139 were suffering from hog cholera.

Why The Anker-Holth Cream Separator Satisfies The User.

BECAUSE it is simple in construction, easily operated and economic.

BECAUSE it contains fewer mechanical parts than any other separator made.

BECAUSE the bowl being self-draining, makes it non-freezing in cold weather.

BECAUSE it is the most sanitary separator made, insuring a cream of great purity.

BECAUSE it is easily cleaned and easy to turn—that's why the "women folks" like it.

BECAUSE it is the only separator with a dirt chamber that removes all impurities from the whole milk before it enters the discs for cream separation.

Serum Station....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly troat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

BOARD OF REVIEW MEETS

Begins 20-Day Session by Checking up Books of Assessors

The county board of review started its annual twenty days' session this morning. The board started work on checking up the books of the assessors. This is expected to occupy several days and then the board will be in a position to hear complaints against assessments. The board will take up this work by townships. It is likely that the mortgage exemptions will be examined carefully before complaints are heard. The board is composed of Samuel Young, George Havens, County Assessor Schrader, County Treasurer Williams and County Auditor McMillin.

NEW INSTRUCTION ON REGISTRATION ARRIVES

Continued from Page 1.

they arrived at the clerk's office to attend to this part of their duties. This was determined upon as a better plan than trying to instruct all of the registrars by telephone regarding the order.

Sheriff Cavitt was the busy member of the county registration board today. It was he to whom all men of conscription age living away from Rushville, but still claiming this place as their home, sent their registration cards. To comply with the law, this class of individuals had to send their cards to the sheriff of the county they claim as their home and the sheriff in turn had to distribute them to the right precincts before the registration polls closed. Sheriff Cavitt has a large number of cards sent here which he will have to place in the hands of precinct registrars tomorrow.

Clerk Moore has already discovered that he will have a very disagreeable task when the exemptions are made. One man in Rush county has already asked Mr. Moore to favor his son when time for exemption came. Even though he were so inclined, the clerk would lay himself liable to a penitentiary offense if he in any way violated the wording, or spirit of the conscription law.

It appears that the new instructions today, though the exemption rules have not been made public, will prevent many men of conscription age to escape military service by claiming agriculture as an occupation. Several cases have come to the attention of the board of young men who will claim exemption on this ground when they never worked on a farm until the conscription law was passed. The board knows of one young man from a city east of here who has gone to work on a Rush county farm and expects to claim exemption on account of it.

The registration polls will be open from seven o'clock in the morning until nine o'clock at night. All men of conscription age, whether or not they think they will be exempted are expected to register. They will register at the same place they voted in the last general election, if they live in the same precinct. Under no consideration will the polls be closed before nine o'clock at night. Registrars are urged to report to the court board at the clerk's office in the court house as soon after the polls close as possible.

ALLEGES HE WAS A VICTIM OF FRAUD

Edward C. Jackson Files Suit Against John M. Linville to Have Deed Declared Mortgage

THOUGHT WAS SIGNING ONE

Edward C. Jackson has filed suit against John H. Linville and Luella Linville to declare a deed a mortgage, alleging that he was the victim of fraud at the hand of the defendants and was induced to sign a deed for his interest in the estate of the late Deborah Linville, when he thought he was signing a mortgage.

He alleges that he borrowed \$150 from John Linville and in signing the paper believed it to be a mortgage to secure payment of the loan, but on investigation it was found that the paper was a deed. Jackson recently filed a partition suit against the estate and after this was filed it was found he had no interest in the estate as he had deeded it to Linville. He alleges fraud and the court is asked to declare the deed a mortgage.

BAD BACK TODAY

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors.

Mrs. Will Wolf, 1021 N. Oliver St., Rushville, says: "I was having quite a bit of trouble with my kidneys. My back was weak and ached all the time. The kidney secretions were too frequent in passage and I had headaches and dizzy spells. As others of my family had used Doan's Kidney Pills with good success, I got some at Pitman & Wilson's Drug Store. After finishing a few boxes, I was cured and I haven't had any trouble since."
